of  
Dr M C Uthappa (aka Vipin Uthappa)

Dr. M. C. Uthappa, FRCS (Glasgow, UK), FRCR (London, UK), Fellowship in Interventional Radiology (Oxford, UK), CCST (UK)

Dr. Uthappa is the Director of Interventional Radiology and Interventional Oncology at Global Hospitals, Bangalore, Hyderabad and Chennai. He completed his undergraduate medical training from Government Medical College, Mysore. He went on to obtain Basic Surgical training followed by Diagnostic and Interventional Radiology training in UK.

In 2002, he joined the Interventional Radiology team in John Radcliffe and Churchill Hospitals, Oxford, UK, where he spent one year training in all aspects of Interventional Radiology. In 2003 he was appointed as Consultant at Stoke Mandeville Hospital, UK where he set up a dedicated department of Interventional Radiology. He now has an experience of over 6000 minor and 3500 major interventional radiology cases. He was an advisor for interventional Radiology for NICE, UK from 2007 to 2010.

Dr. Uthappa has an extensive research background with more than 30 publications and scientific articles, numerous abstracts and presentations at various national and international meetings to his credit. He is an expert in all types of interventional radiology procedures for liver cancer and these include Percutaneous Ethanol Injection (PEI), Radiofrequency Ablation (RF), Conventional Transarterial Chemoembolisation (cTACE), DC bead Embolisation, Portal vein Embolisation and Radioembolisation (SIRT).

His other areas of interest include hepatic vein and IVC intervention for budd chiari syndrome, TIPSS and BRTO. He also has extensive experience in Uterine fibroid Embolisation, Embolisation in emergency cases like liver trauma, pelvic trauma, GI bleeding and bronchial artery Embolisation. He is one of the few Interventional Radiologist who has significant experience in management of post liver transplant complications. Dr Uthappa has also started the department of interventional oncology as the emerging field in cancer care.

#### Qualifications :

**MBBS**, Mysore, India-1993

**FRCS**, Glasgow, UK- 1997

**FRCR**, London, UK- Oct 2000

**CCST**, UK- 2002

**IR Fellowship**, Oxford, UK-2003

Present Appointment: May 2011- to-date

Director, Interventional Radiology & Interventional Oncology, Global Hospitals,  
Bangalore, Chennai and Hyderabad, INDIA

## Achievements:

1. Successfully set up a dedicated interventional radiology service at Stoke Mandeville Hospital, Aylesbury, UK.
2. Advisor for NICE, UK from 2007 to 2010
3. Successfully set up a first of its kind department of Interventional Radiology and Interventional Oncology for the Global Group of Hospitals, Bangalore, Chennai & Hyderabad, India.
4. Asia Pacific Proctor for SIRT (Radioembolisation) for company SIRTEX, Australia
5. Conducted the first Global Interventional Radiology symposium (GIRS 2013) in July 2013, Bangalore, India. Please see further details on [www.girsindia.com](http://www.girsindia.com)

## BOOKS / PUBLICATIONS / PRESENTATIONS

1. Co-author of book "Q-BASE Radiology: 1 MCQs for the FRCR" Greenwich medical media publishers, London. First published in 2000.
2. Co-author of book "Q-BASE Radiology: 2 MCQs for the FRCR" Greenwich medical media publishers, London. First published in 2001.
3. Co-author of book "Radiology Picture Tests" Greenwich medical media publishers, London. First published in 2001.
4. Co-author of book "**Radiology for surgeons**" Greenwich medical media publishers, London. First published in 2002.
5. Role of Metallic stents in Palliative care. Uthappa.M.C, S M Ho and P Boardman. The John Radcliffe and Churchill hospitals, Oxford  
This paper was published in Volume 11, Number 1, 2003. **Progress in Palliative Care**
6. Balloon Dilatation for Achalasia of the Cardia: a day case procedure.  
Uthappa.M.C, Uberoi R, Phillip-Hughes J, Boardman P.  
The John Radcliffe hospital, Oxford.  
Published in **Radiology. 2003** Aug; 228(2): 594.
7. Changes in blood coagulability as it traverse the ischemic limb. Shankar V.K, Ray Chaudhury.S, Uthappa.M.C, Handa.A and Hands.L.J.

Nuffield Department of surgery, John Radcliffe Hospital, Oxford

Published in Journal of Vascular surgery, 2004.

8. Retrograde or Antegrade Double-Pigtail Stent Placement for Malignant Ureteric Obstruction? Uthappa.M.C, N.C.Cowan. Department of radiology, Churchill Hospital, Oxford.

Published in Clinical Radiology, may2005.

9. Paper published in BJR, Jan'00- "skin sparing in interventional radiology-the effect of copper filter".

10. Poster presentation at the **RCR annual meeting** Sep'99- "skin sparing in interventional cardiology-effect of copper filter".

11. Audit project presentation- "HCC screening with ultrasound for cirrhosis" at the annual meeting at the Royal society of medicine, London-july'99.

12. Paper presentation at Ultrasound'99 conference in Berlin- "Evaluation of HCC screening programme in cirrhosis with ultrasound at St.Mary's hospital".

13. Case report published in BJU International, Apr'02- "Nephrographic dilemma-CT confirmation of a venous anomaly".

14. Case published in BJR, Feb'02- "Retrocaval Ureter-MR appearances". One of the images was selected for the front cover of the same issue.

15. Poster presentation at UKRC June 2002 at Birmingham-"3D rotational angiography of renal transplant artery: technique, preliminary results and dose measurements"

16. Poster presentation at UKRC June 2002 at Birmingham- "**3D rotational angiography of carotid arteries: technique, preliminary results and dose measurements**"

17. Audit poster presentation at the RCR annual meeting, Sep'02- "Consent in interventional radiology"

18. Co-author in a chapter with Dr. M. J. Kellett- "**Interventional Radiology in Malignant Urinary Tract Obstruction**" for the text book named

Interventional Radiology in cancer, to be edited by A. Adam, R. Dondelinger, P. R. Mueller, Springer-Verlag publishers.

19. Paper on a prospective study on Prostate biopsy and local anaesthetic acceptance (combined study from St.George's and Central Middlesex Hospital).

20. Poster presentation at RSNA-2002 **“A pictorial review of CT features in abdominal tuberculosis”**

21. Poster presentation at RSNA-2002 **“Look after your lead coat and the lead coat will look after you”**

22. Poster abstract sent to ECR-2003 **“A pictorial atlas of retrograde ureteropyelography”**

23. Paper on **“Enhanced Carotid Duplex for Confirmation of Occlusions and Sub-Occlusions”**

24. Co-author of paper presentation at BSIR meeting, 2008 UK.

25. Invited speaker at the recent International hepatobiliary and pancreatic diseases conference, 2009 in Bangalore.

26. Invited speaker at the recent Chronic liver diseases symposium, 2009 in Bangalore.

**27. Regular Speaker in various national and international meetings from 2009 onwards.**

## **OTHER ACHIEVEMENTS**

1. Highest marks (class of 180 students) in Biochemistry and Obs& Gyn.
2. Distinctions in medical school in Anatomy and Pharmacology.
3. Received Prime Minister of India's award for being the All India Best Cadet in the National Cadet Corps in 1987.
4. Represented India in an Indo-Canadian youth exchange programme sponsored by the Canada World Youth, during which I spent six months doing voluntary service in health units in Canada and India.
5. Cultural secretary of the medical college student union 1990-1991.
6. Represented the college Hockey and Football team.
